OPS/ATC

FIJI DOMESTIC AIRSPACE CHANGE EFFECTIVE: 26 MAR 2020

1. INTRODUCTION

- 1.1 Fiji Airports is revising the Domestic Flight Information Sector (controlled and uncontrolled) airspace to tie in with the introduction of a surveillance control and surveillance based flight information service in 2020.
- 1.2 The conceptual design has been discussed at various forums both at the Fiji Airports User Meeting and the CAAF Airspace Users Meetings.

2. AIRSPACE

- 2.1 Change will include airspace classification to incorporate Class C in Fiji Airspace, lateral and vertical limits of CTAs and CTRs and associated levels of service.

3. TARGET IMPLEMENTATION DATE

- 3.1 26 MAR 2020. Significant changes will be notified via AIC revision, AIP SUPP or NOTAM as appropriate.
