This can be specific qualifications and relevant experience for the particular role they are nominated for. This shall be presented to the authority in the form of their biographical profile (CV). If the authority is not satisfied with their nomination the authority shall inform the organisation and either reject their nomination based upon published criteria or agree a coaching environment where their performance may be monitored. However, in the area of ground operations, it may be acceptable for these responsibilities to be split, provided that the responsibilities of each individual concerned are clearly defined.
