## CHECKLIST

Information Circulars not listed are cancelled by reason of being redundant, sufficiently promulgated, or incorporated in current circulars or other publications.

This checklist should be updated by inserting details of new circulars and deleting those cancelled.

Aeronautical Information Circulars are also available on the CAAF website.

Listed below are the Fiji AIC'S under the subject titles within each classification

### **06/24 Checklist**

<b>a)</b>	<b>ADMINISTRATION (ADM)</b>
07/10	Recording of flight times
04/11	Operation of Foreign Registered Aircraft in Fiji
04/12	International Flights by Domestic Operators
03/13	Crew Resource Management training
04/16	Improvement and Infringement Notices
07/16	Flight Crew/Aircraft Maintenance Engineers Exam Timetable
04/17	Interim Guidance – Solar Photovoltaic Systems
02/18	Cost Recovery of Aircraft Incident and Accident Investigation
05/22	CAAF Audit Procedure
07/22	International Charter Flights by Domestic Operators
08/22	Industry Consultation
09/22	Accountable Manager and Nominated Post Holders for Operators with An AOC and /or an ANR145 Approval
10/22	AOC Application Process Guidance
07/23	Validity and Processing of Aviation Documents
02/24	ATSL &ASOL Examination Time table for 2024

03/24	Medical Standards Tests and Certification
05/24	AIP-AMD-CHARTS AIRAC Production Schedule 2024
06/24	AIC Checklist 2024
<b>b)</b>	<b>OPERATIONS AND AIR TRAFFIC CONTROL (OPS/ATC)</b>
08/81	Loading of aircraft
06/95	Procedures for VIP flights – domestic operations
06/97	Take-off, climb and landing performance of light aeroplanes
05/05	Operation of micro-light/ultra-light/light-sport aircraft
05/09	Use of GPS in the Fiji Islands
06/09	Planning and Conduct of VFR Flights
07/09	Transponders, EGPWS, Airspace Requirements, ELTs and the Implementation of Aircraft Surveillance
04/13	Mercy Flights
04/15	Parachute operations
03/18	Guidance on the Training Programme for the Use of Ground Proximity Warning Systems (GPWS)
05/18	Guidance on the Effective Use of the GPWS
06/18	Training of Flight Crew in ALAR and CFIT Prevention
07/18	Mode Awareness and Energy State Management Aspects of Flight Deck Automation
08/18	Guidance on the Establishment of a Flight Data Analysis Programme (FDAP)
09/18	Chief Pilot Requirements for Small Operators
10/18	Training Programs and Flight Crew Member Qualifications “Differences Training” All Categories
14/18	Performance-based Communication and Surveillance (PBCS) Implementation within the Nadi FIR
15/18	Aircraft Network Security Program (ANSP)
05/19	RNP-AR Nadi RWY20 Implementation Effective: 10 OCT 2019
07/19	AOC Application Process Guidance
08/20	Guidance Material for Helicopter Flights over water
03/21	Domestic Areas of Operations
12/21	Implementation of The Common Aeronautical Virtual Private Network (CRV)
01/22	Catalogue of APAC Flight Inspection and Flight Validation Service Providers
04/22	Collection of data on wake vortex encounters
11/22	Aerodrome Operations
12/22	Competency Assessment and Evaluation for Pilots, Instructors and Evaluators
13/22	Approval for Zero Flight Time Training

14/22	Operations of RPAS System
15/22	ADS B perf requirements for Cat or Tier 1 2 and 3 for ATC Surveillance
03/23	ADS-B OUT Exclusive Airspace within the Fiji Domestic Sector
04/23	Global Aeronautical Distress Safety System and Location of an aircraft in Distress Repository
<b>C)</b>	<b>AIRWORTHINESS</b>
04/94	Guidance on airworthiness and performance requirements – public transport aircraft
04/98	Certification and airworthiness standards of aircraft
09/98	Licensed aircraft maintenance engineers – certification responsibilities of type rated/authorised engineers in relation to Air Navigation Regulations 14, 15, 16 and FJAR 145
04/99	Acceptance of calibration and measurement systems
10/99	Applications for certification of aircraft and modifications
02/02	Aircraft Maintenance Organisation training requirements
02/07	Condition Maintenance Programs (OCMP) for Pratt & Whitney Canada Inc. PW100 series engines
03/07	Escalated operating time between overhauls for Pratt & Whitney Canada PT6 engine series
04/14	Aeronautical Maintenance Certificate
05/16	Issue of Limited Authorizations to Pilots for Daily Inspections & Minor Maintenance
02/17	Aircraft Maintenance Engineer's Licence (AMEL)
03/17	Acceptance of Aircraft Components and Material
04/20	Adoption of UK Airworthiness Notices
08/23	Potential Risk of 5G to Radio Altimeters and Mitigations
<b>d)</b>	<b>GENERAL</b>
05/84	Fuelling of aircraft
05/87	Wind shear
<b>(e)</b>	<b>AERONAUTICAL INFORMATION SERVICES (AIS) AND MAPS &amp; CHARTS</b>
03/22	Aeronautical Information Package
